

FOR IMMEDIATE RELEASE

Prepare for Success Announces 98% Pass Rate

Almost all students successfully pass the NCE exam after taking prep course!

January, 2002 -- TAMPA, FL

Prepare for Success, provider of a preparatory course for students wishing to take the National Counselor Exam (NCE) in Florida, has announced the most recent results of its student tracking. Results show that **98%** of students who attended the Full Session workshop successfully passed the exam.

Taught by two experienced psychotherapists, the Prepare for Success workshop condenses material from 30 textbooks. It is focused to allow students to prepare for the test efficiently. Carmen Stein and Tom McCormick provide one-on-one expert facilitation in a comfortable classroom setting. Their two day Full Session classes cover material students need to know to become Licensed Mental Health Counselors (LMHC).

As an added benefit to its students, Prepare for Success takes an unusual approach of letting students take their workshop again the next cycle if they do not pass the exam the first time. "It is our goal to make sure students learn the material and feel comfortable with it," explains Carmen Stein, instructor. "We believe in our program and its content. We only charge one fee and the student can take the program a second time for FREE. It is what makes our program different from others out there."

The Prepare for Success program stresses the specifics needed to pass the exam. Since there is so much to be tested on, successful students have learned what is important. The instructors spent many years developing and refining this workshop based on their experience. They share this knowledge with their students. Carmen Stein' s motto is "Failure to prepare....is preparing to fail..."
